

# White-tailed Deer Regulations

## Information for All Deer Hunters

Licence fees are found on page 12. For more information on deer biology and management in Ontario, please visit [ontario.ca/deer](http://ontario.ca/deer). See PENDING - Use of Tracking Dogs for Big Game Retrieval on page 4 for information on proposed changes.

### Firearms

**Big game, including deer, may only be hunted with a firearm (this includes bows).** When hunting deer, you may use or carry a firearm of the type permitted for hunting deer at that time in that Wildlife Management Unit (WMU). For example, when hunting deer during a bows-only season, you may use or carry only bow hunting equipment; you may not carry a rifle or shotgun for hunting other species.

Specifications on the firearms, bows, bolts and arrows that are permitted when hunting deer can be found on page 22.

### Attractants

In order to prevent the introduction of Chronic Wasting Disease, products that contain bodily fluids (urine, gland oil, feces, saliva, etc.) of a member of the deer family (including deer, moose, and elk) are not permitted to be possessed or used for the purposes of hunting in Ontario. Hunters are allowed to possess and use artificial or plant-based products that can attract wildlife or be used as a cover scent.

### Party Hunting for Deer

Party hunting for deer is permitted during the open season for deer **under a set of specific conditions. The list of conditions can be found on page 23.**

A person shall not hunt deer in a party during a controlled deer hunt season unless he or she holds a controlled deer hunt validation tag. The exception is a hunter apprentice hunting with a mentor (in which case the mentor must have a controlled deer hunt validation tag).

### Sealing and Transporting Deer

**The controlled deer hunt validation tag must be carried by the recipient at all times while hunting in a controlled hunt.**

If you have killed a deer while hunting alone, you must **immediately** after the kill and at the kill site, securely **attach the game seal to the animal in the manner described on the instruction panel attached to the seal. The seal must remain attached while transporting the carcass.**

**If party hunting for deer,** the member whose game seal is to be used and whose licence has been validated for the type that has been killed must, immediately after the kill and at the kill site, securely **attach the game seal to the animal in the manner described on the instruction panel attached to the seal.**

A person who seals a deer must notch out the month, day and time of the kill on the game seal.

Only the hunter whose game seal is to be used is allowed to attach the game seal to the deer. It is illegal to transfer a game seal in order to seal a deer.

### Import, Export and Shipping

See General Regulations, page 28, for information on import, export and shipping.

## Information for Non-Residents Wishing to Hunt Deer

### Guides

Non-residents must be accompanied by one licensed guide for each two hunters when hunting deer in the Territorial District of Rainy River. WMUs within the Territorial District of Rainy River are 9B, 10, 11A and part of 7B and 12B.

### Crown Land Camping Restrictions for Non-Residents of Canada - WMUs 6, 7B, 9A, 9B

All Crown land camping in Ontario is regulated; see page 25 for more information.

Non-residents must also be aware that Crown land camping is prohibited within 1 km of the following road systems in Kenora and Fort Frances Districts between October 1 and November 15:

- Hwy 71 and roads branching off Hwy 71 from Strachan Road to the junction of Hwy 17
- Hwy 596, Caribou Falls Road and Sand Lake Road and all roads branching off these roads to the junction of the English River Road
- Rush Bay Road and branch roads
- Shoal Lake Road and branch roads
- Gundy Lake Road and branch roads.

For more information, contact the Kenora District Office at (807) 468-2501 or the Fort Frances District Office at (807) 274-5337.

## Information for Ontario Residents Wishing to Hunt Deer

There are two types of opportunities for Ontario resident deer hunters that involve computerized random draws for validation tags. They are:

- The Antlerless Deer Draw – deadline July 3, 2012
- The Controlled Deer Hunt Draw – deadline August 31, 2012.

An antlerless deer is defined as a deer that has no antlers, or has antlers that are less than 7.5 cm (3 inches) in length.

The antlerless deer validation tag program is used to limit the number of antlerless tags allocated, which controls the number of antlerless deer harvested. If deer populations are low, then the number of antlerless tags offered will be low,

to allow the herd to rebuild. As deer numbers increase, the number of antlerless tags offered will increase to control the growth of the herd. The antlerless deer validation tag program allows any legally licensed hunter to harvest an antlered deer, but an antlerless deer can be harvested only if the hunter or hunting party holds an antlerless deer validation tag.

The term “**controlled deer hunt**” means that the number of deer hunters hunting in a WMU is controlled or limited. Controlled deer hunts take place in southern and southwestern Ontario.

## Additional Deer Seals

When deer populations in certain WMUs warrant, hunters may be offered the opportunity to purchase game seals to harvest additional deer. In offering these additional deer seals for sale, limits will apply on both the total number of seals a hunter may purchase and the number of seals a hunter may purchase for any one Hunt Code.

**NEW FOR 2012** – Additional deer seals will be available beginning July 16, on a first come, first served basis.

In early July, hunters who purchased an additional deer seal in 2010 or 2011 will be mailed a brochure confirming the WMUs that will offer additional deer seals and containing the hunt codes required to use this system. (If you do not receive a brochure, please call the Outdoors Card Centre at 1-800-387-7011 or view it on the MNR website at [ontario.ca/hunting](http://ontario.ca/hunting)). Cost of the additional deer seal for residents is \$45.04 (includes 13% HST).

Additional deer seals for Controlled Deer Hunts will be sold in October as outlined in the brochure. Hunters must possess a Controlled Deer Hunt Validation Tag along with their additional deer seal to hunt with their additional seal during the Controlled Deer Hunt Season.

Please refer to the brochure (available in early July) for more information.

**NOTE:** An additional game seal for deer is NOT a deer licence. An additional game seal for deer is valid only if the hunter possesses a current deer licence and a valid Outdoors Card.

## A Message from Ontario's Conservation Officers

**Any hunting injury caused by the discharge of a firearm which results in treatment by a physician must be reported to a conservation officer. You may also report by calling 1-877-TIPS-MNR.**

# Deer Family Comparison

Four different members of the deer family range freely in Ontario. You must have a valid licence for the species you are hunting. There is no open season for caribou and a limited open season for elk, so you must be absolutely certain that the animal you see is the right species, sex and age.

There are differences in the size, shape and colour of moose, white-tailed deer, elk and caribou.

**Woodland Caribou**  
Size: 1.0-1.2 m (3.5-4.0 ft.)  
at the shoulders

## Antlerless Deer

### Applying to the Draw for an Antlerless Deer Validation Tag

Any resident of Ontario who has a valid hunting version Outdoors Card may apply to the draw for an antlerless deer validation tag. Hunters who receive a validation tag in the draw are permitted to harvest their choice of **EITHER** an antlerless deer in the WMU specified on the tag **OR** an antlered deer anywhere in the province during the open season – with the exception of during a controlled hunt. See page 69 for information on hunting during a controlled deer hunt season.

Licensed hunters who do not apply to the antlerless draw, or who are not successful in the draw for an antlerless deer validation tag, may harvest an antlered deer only, anywhere in the province during the open season, with the exception of during a controlled hunt or where a hunter has an additional deer seal validated for an antlerless deer.

Hunters who wish to apply to the antlerless deer draw may use one of three methods. For your convenience, you may purchase your resident's deer licence tag and apply to the antlerless deer draw in one toll-free call to 1-800-288-1155 between March 1 and July 3. This line is available 24 hours a day, seven days a week. You may also purchase a deer licence from a licence issuer, online at [ontario.ca/outdoorscard](http://ontario.ca/outdoorscard) or at select ServiceOntario centres and submit an application for the draw online at [ontario.ca/outdoorscard](http://ontario.ca/outdoorscard) or at a ServiceOntario centre.

Your chance of being drawn for an antlerless deer validation tag is the same whether you apply by telephone, online or at a ServiceOntario centre. **Choose one method only** – you will be disqualified if more than one application is submitted in your name.

**The deadline for completing applications by telephone and online is 11:59 p.m. (ET) on July 3, 2012.**

**The deadline for applications to be received at a ServiceOntario centre is 5:00 p.m. on July 3, 2012.**

Whether a hunter applies by telephone, online or at a ServiceOntario centre, the responsibility for entering a valid application rests with that hunter. If you have any questions regarding your application or the application process, more information is available from the Natural Resources Information Centre at 1-800-667-1940.

### Applying by Telephone

The telephone application system will allow you to both purchase a deer licence and apply to the antlerless validation tag draw in one phone call.

To use this system, you must have a valid hunting version Outdoors Card. If your Outdoors Card has expired, you must renew it before you use the telephone application system. The quickest, most convenient ways to renew are:

- With a call to the toll-free, automated Outdoors Card renewal line at 1-800-288-1155, or
- At [ontario.ca/outdoorscard](http://ontario.ca/outdoorscard).

Once you have successfully completed your Outdoors Card renewal, you may proceed immediately to the telephone application system for the antlerless deer validation tag draw.

For more information on Outdoors Card renewal options, see page 15.

It is recommended that you complete the Antlerless Deer Draw Worksheet for Hunters Applying by Telephone found on page 64 before making your call.

To use the telephone application system, you will need:

- A valid hunting version Outdoors Card number
- A VISA, MasterCard or American Express credit card. The charge to your credit card will be \$45.04 (includes 13% HST).
- The first and second choice (if you have one) Wildlife Management Units (including any sub-units) to which you would like to apply
- A Touch-Tone™ telephone.

During your call, listen to the recorded instructions carefully. You will be asked to confirm your answers, and will be given the opportunity to change an answer if you make a mistake. Remember that you must respond to the questions asked by using the telephone keypad. Do not speak your answers. The information that you enter electronically during your telephone call (using your telephone keypad) is your direct application to the draw.

When keying in the WMU to which you wish to apply, remember that single-digit WMUs (such as 5, 6, 7 etc.) must be entered with a "0" as the first digit. Enter such WMUs by keying 05, 06, 07, etc. Refer to the table titled Valid Antlerless Deer Wildlife Management Units (2012) on page 64. Remain on the line to get an Authorization Number that confirms you are successfully entered into the antlerless deer draw. Record this number at the bottom of your worksheet for future reference.

Confirm your postal code before hanging up. If your postal code is not correct, call the Outdoors Card Centre during regular business hours (1-800-387-7011) to update your address so your licence (and validation tag if you are successful in the draw) will reach you.

## Bow Hunting Seasons

Bow hunters wishing to hunt antlerless deer in a WMU with a bows-only season (refer to the table below 2012 Bows-Only Seasons – Deer) must apply to the antlerless deer validation tag draw in that unit.

Do not apply for an antlerless deer validation tag in a WMU with a controlled hunt unless you plan to hunt with a bow during the bows-only season. You must apply to the controlled hunt draw if you wish to hunt with a permitted firearm other than a bow during the controlled season.

## Controlled Deer Hunts

### Applying to the Draw for a Controlled Deer Hunt Validation Tag

Any resident of Ontario who has a valid hunting version Outdoors Card may apply to the draw for a controlled deer hunt validation tag. Tags are randomly assigned by computer. Each hunter who receives a tag in the draw is permitted to hunt a deer in the WMU specified on the tag during the period indicated. Hunters who are not successful in the draw for a controlled deer hunt validation tag may not participate in the controlled deer hunt.

**NOTE:** Hunter Apprentices may participate in a controlled hunt if hunting with a Mentor who has a controlled deer hunt validation tag (see page 20 for additional information).

Hunters who are applying to the controlled deer hunt draw do not have to purchase a deer licence tag prior to applying to the draw. However, hunters who receive a validation tag in the draw must purchase a deer licence tag before they can hunt in the controlled hunt.

There are three ways to enter the draw for a controlled deer hunt validation tag:

- By calling the toll-free automated telephone application system at 1-800-288-1155 OR
- By going online to [ontario.ca/outdoorscard](http://ontario.ca/outdoorscard) OR
- By going to selected ServiceOntario centres.

**NOTE:** If you are applying for a controlled deer hunt validation tag as a farmer/landowner, you must apply with a paper application to a ServiceOntario centre (page 88).

Your chance of being drawn for a controlled deer hunt validation tag is the same whether you apply by telephone, online or at a ServiceOntario centre. All three application methods are free of charge. **Choose one method only – you will be disqualified if more than one application is submitted in your name.**

Draw applicants who wish to hunt in a party should apply as a group (using one application form) rather than as individuals. (The benefit of this is that if your group application is selected in the computerized draw, **every hunter** listed on your application will receive a controlled deer hunt validation tag. The applicant who hunts in a party but applies as an individual risks being the only hunter in the party who is successful, or unsuccessful, in the draw.) The maximum number of hunters who can apply as one group is four. **Once a group application has been submitted, changes to group members will not be allowed.**

Whether a hunter applies by telephone, online or at a ServiceOntario centre, the responsibility for entering a valid application rests with that hunter. If you have any questions regarding your application or the application process, more information is available from the Natural Resources Information Centre at 1-800-667-1940. For a list of WMUs that offer controlled deer hunts, see page 73.

**The deadline for completing applications by telephone and online is 11:59 p.m. (ET) on August 31, 2012.**

**The deadline for applications to be received at a ServiceOntario centre is 5:00 p.m. (ET) on August 31, 2012.**

### Before You Apply – Advance Preparation

You will need a valid hunting version Outdoors Card to apply to the controlled deer hunt draw.

If your Outdoors Card has expired, the quickest, most convenient ways to renew are:

- With a call to the toll-free, automated **Outdoors Card renewal line at 1-800-288-1155**, or
- At [ontario.ca/outdoorscard](http://ontario.ca/outdoorscard).

Once you have successfully completed your Outdoors Card renewal by either method, you may proceed immediately to the telephone application system or online for the controlled deer hunt draw or submit an application to a ServiceOntario centre. For more information on renewal options, see page 15.

If your Outdoors Card is valid but you have moved since you received it, contact the Outdoors Card Centre at **1-800-387-7011** and provide your current address. This will ensure that you receive your tag at your new address if you are successful in the draw.

See the 2011 Controlled Deer Hunt Validation Tag Draw Results table on page 74 for a general indication of the chances of receiving a controlled deer hunt validation tag in 2012.

Selecting a WMU that offers a large number of tags and has relatively few applicants will increase a hunter's chance of getting a validation tag in the draw.

### Applying by Telephone

For your convenience you may apply for a controlled deer hunt validation tag with a toll-free call to **1-800-288-1155**, 24 hours a day, seven days a week from **August 1, 2012, to 11:59 p.m. (ET) on August 31, 2012**. There is no fee to apply.

To use the telephone application system, you will need:

- A Touch-Tone™ telephone
- A valid hunting version Outdoors Card
- The 2012 Hunt Code representing the first and (optional) second choice Wildlife Management Units and seasons to which you would like to apply (see page 70).
- If applying as part of a group, to decide with your group if you are the Group Leader or a Group Member. If you call in as the Group Leader, you will be given a Group Reference Number to identify your group. If you are a Group Member, you will be asked for the Group Reference Number provided to the Group Leader so your group can be identified.

When using the telephone application system, it is important to remember that you must respond to the questions asked by using the keypad of your phone. **Do not speak your answers.**

## What Type of Applicant Are You?

To use the telephone application system, hunters must decide – prior to calling – which type of applicant they are. If your group is using the telephone application system, every member of the group must apply to the draw by telephone.

What type of applicant are you?

- Group Leader   • Group Member   • Individual

Hunters applying as part of a group will have to decide who the Group Leader is and who the Group Members are, prior to submitting their application. The maximum number of hunters that can apply as one group is four, comprised of three Group Members plus the Group Leader. **Once a group application has been submitted, changes to group members will not be allowed.**

**Group Leader** – The Group Leader must be the first member of the group to apply. The Group Leader is the only member of the group who enters the Hunt Code representing the group's choice of WMU and season. (Refer to the table titled Hunt Codes for the 2012 Controlled Deer Hunt Draw Telephone Application System on this page.) The Group Leader is then provided with a Group Reference Number to identify the group and its choice(s). The Group Leader must give the Group Reference Number to the Group Members so they may add their names to the group's application.

**Group Members** – Each Group Member must obtain the Group Reference Number from the Group Leader before submitting their application. Each Group Member will be asked for the Group Reference Number so the group can be identified and linked together in the draw.

**Individuals** – Individuals must enter the Hunt Code representing their choice(s) of Wildlife Management Unit and season.

Each Group Member and Individual applicant will be given an Authorization Number. The authorization number confirms that the hunter has been successfully entered into the draw.

**The deadline for completing applications by telephone is 11:59 p.m. (ET) on August 31, 2012.**

## Chronic Wasting Disease

Chronic Wasting Disease is a degenerative, fatal brain disease of deer, elk, moose and potentially caribou. It is a devastating disease that has killed and infected thousands of deer and elk in North America. CWD continues to spread across North America where it is now found in 18 U.S. states and two Canadian provinces. While it has not been found in Ontario, it is getting closer to our borders and we must take steps to keep it out.

Since we began testing in 2002, Ontario has found no evidence that Chronic Wasting Disease exists in this province. The ministry encourages hunters to continue to take part in future surveillance programs. Hunters can visit the website link [ontario.ca/cwd](http://ontario.ca/cwd) or call a local MNR office for specific testing locations in 2012.

The World Health Organization has said that while there is no scientific evidence that Chronic Wasting Disease can infect humans, they recommend that meat from an infected/sick animal should NOT be eaten.

### Important Information for Hunters and the Public:

- In Ontario, there is a restriction on the possession of high risk carcass parts from all members of the deer family (including deer, elk, moose and caribou) that were harvested in other jurisdictions. If you intend to hunt out of Ontario, please consult the "Regulation to Minimize Risk of Chronic Wasting Disease Entering Ontario" at [ontario.ca/cwd](http://ontario.ca/cwd)

for more information. The website also provides details about this regulation and the limited exceptions to this prohibition.

- Possession and use of products that contain body fluids of any member of the deer family, including blood, urine, gland oils, and other fluids, for the purposes of hunting, is not permitted in Ontario. Hunters are allowed to possess and use artificial or plant-based products that can attract wildlife or be used as a cover scent, but they must not contain any body parts of a member of the deer family. The website [ontario.ca/cwd](http://ontario.ca/cwd) also provides details about this regulation.
- Due to the increased potential to spread disease, the ministry discourages feeding of deer and elk except in emergency situations.
- If you see an animal displaying physical signs of illness (including loss of body weight and condition, indifference to humans, increased salivation, tremors, stumbling), report this information to a ministry office.

Check [ontario.ca/cwd](http://ontario.ca/cwd) for regular updates and more information on Chronic Wasting Disease, the regulations, Ontario's Chronic Wasting Disease Surveillance and Response Plan and Chronic Wasting Disease testing program. Hunter participation in the ministry's CWD surveillance program is critical to the success of Ontario's monitoring efforts.
